The National Endowment for the Arts, an independent agency of the Federal Government, was created in 1965 to encourage and assist the nation's cultural resources. The Endowment is advised by the National Council on the Arts, a presidentially appointed body composed of the Chairman of the Endowment and 26 distinguished private citizens who are widely recognized for their expertise or interest in the arts. The Council advises the Endowment on policies, procedures, and programs, in addition to making recommendations on grant applications.

Statement of Mission
National Endowment for the Arts

Preamble

Throughout the ages, humanity has striven to go beyond the limits of the immediate physical world to create that which was not there before and thus nourish the human spirit. The first record of our perception of the world around us was through art scratched on cave walls, carved in stone, or modeled in clay. Our need to make, experience, and comprehend art is as profound as the need to speak. It is through art that we can understand ourselves and our potential. And it is through art that we will be understood and remembered by those who will come after us.

This nation's governance is based on our people's commitment to freedom of imagination, thought, and expression. Our many aesthetic and cultural traditions are precious to us—for the rich variety of their beauty and as a symbol of the diverse nature of the United States.

Primary support for the arts has always come directly from the people of this nation: artists in localities all across the country who create and sustain the arts and contributors who support the arts out of conviction and as a matter of civic and regional pride.

It was in this context that the National Foundation on the Arts and the Humanities Act was enacted in 1965. The Congress found that "the encouragement and support of national progress and scholarship in the humanities and the arts, while primarily a matter of private and local initiative, is also an appropriate matter of concern to the Federal Government"

The Congress also found that "while no government can call a great artist or scholar into existence, it is necessary and appropriate for the Federal Government to help create and sustain not only a climate encouraging freedom of thought, imagination, and inquiry, but also the material conditions facilitating the release of this creative talent"

Mission

The mission of the National Endowment for the Arts is:

- To foster the excellence, diversity, and vitality of the arts in the United States and
- To help broaden the availability and appreciation of such excellence, diversity, and vitality.

In implementing its mission the Endowment must exercise care to preserve and improve the environment in which the arts have flourished. It must not, under any circumstances, impose a single aesthetic standard or attempt to direct artistic content.

Implementation

Who: The Endowment assists individual artists; those who act on behalf of artists or audiences; organizations whose primary intention is artistic or educational; and state and local arts agencies. Demonstrated or potential excellence and capacity to conceive, develop, or present a work of art are primary criteria.

Statement of Mission
National Endowment for the Arts,

What: Endowment activities:

- Demonstrate national recognition of the importance of artistic excellence.
- Provide opportunities for artists to develop their talents.
- Assist in the creation, production, presentation/exhibition of innovative and diverse work that has potential to affect the art form and directly or indirectly result over time in new art of permanent value.
- Assure preservation of our cultural heritage.
- Increase the performance, exhibition, and transmission of art to all people throughout the nation.
- Deepen understanding and appreciation of the arts among all people nationwide.
- Encourage serious and meaningful art programs as part of basic education.
- Stimulate increasing levels of nonfederal support of the arts.
- Improve the institutional capacity of the best of our arts organizations to develop, produce, present, and exhibit bold and varied fare.
- Provide information about the arts, their artistic and financial health, and the state of their audiences.

How: The Endowment, in conjunction with private and public partners, carries out its mission through grants programs and a wide range of leadership and advocacy activities. The Endowment also serves as a national forum to assist in the exchange of ideas and as a catalyst to promote the best developments in the arts and education about them. The Endowment's grants programs include individual, project, and longer term institutional support.

Endowment decision-making is guided by peer panel review and the National Council on the Arts and by additional advice from the artistic fields and their public and private supporters. The Endowment works closely with its public partners (the state and local arts agencies) to reflect regional, state, and local perspectives and assist cooperation in implementation of government arts support programs. The Endowment's programs are aimed at benefiting all people of this nation regardless of sex, race, creed, national origin, disability, age, or habitat.

**Excerpted Authorizing
Legislation**

A portion of the Arts Endowment's authorizing legislation states--

"Sec. 954 (sec. 5) NATIONAL ENDOWMENT FOR THE ARTS

"(c) The Chairperson, with the advice of the National Council on the Arts, is authorized to establish and carry out a program of contracts with, or grants-in-aid or loans to, groups or, in appropriate cases, individuals of exceptional talent engaged in or concerned with the arts, for the purpose of enabling them to provide or support--

"(1) projects and productions which have substantial national or international artistic and cultural significance, giving emphasis to American creativity and cultural diversity and the maintenance and encouragement of professional excellence;

"(2) projects and productions, meeting professional standards or standards of authenticity or tradition, irrespective of origin, which are of significant merit and which, without such assistance, would otherwise be unavailable to our citizens for geographic or economic reasons;

"(3) projects and productions that will encourage and assist artists and enable them to achieve wider distribution of their works, to work in residence at an educational or cultural institution, or to achieve standards of professional excellence;

"(4) projects and productions which have substantial artistic and cultural significance and that reach, or reflect the culture of, a minority, inner city, rural or tribal community;

"(5) projects and productions that will encourage public knowledge, education, understanding, and appreciation of the arts;

"(6) workshops that will encourage and develop the appreciation and enjoyment of the arts by our citizens;

"(7) programs for the arts at the local level;

"(8) projects that enhance managerial and organizational skills and capabilities;

"(9) projects, productions, and workshops of the kinds described in paragraphs (1) through (8) through film, radio, video, and similar media, for the purpose of broadening public access to the arts; and

"(10) other relevant projects, including surveys, research, planning, and publications relating to the purposes of this subsection."

Chairman's Priorities

The National Endowment for the Arts, throughout all of its programs and activities, is particularly interested in promoting and supporting

- arts education
- multicultural involvement
- rural involvement
- greater international presence

While these emphases will not be relevant in all applications, their presence, as appropriate, will be viewed positively. Particularly with respect to international, we urge potential applicants to contact the respective Program prior to making application. See also International Activities on page 34.

Introduction

The Museum Program of the National Endowment for the Arts is designed to meet the evolving needs of the museum field through assistance for projects primarily of artistic significance. It is guided by three basic policies:

- All types of museums are eligible to receive funds for projects primarily of artistic significance.
- The quality of a project, not the size or location of the applicant institution, is the major criterion used in evaluating applications. Projects should be of the highest artistic level on a national or regional basis.
- The Program will be responsive and remain flexible enough to consider any worthwhile project.

We Fund

- Museums.
- Organizations that perform museum functions.
- Organizations that serve or cooperate with museums.
- Museum professionals.

We Do Not Fund

- New construction.
- Major structural modifications of buildings.

Eligibility Requirements

Organizations

While accreditation by the American Association of Museums is not an eligibility requirement, the Endowment generally uses the definition of museums developed by the AAM: ". . . a nonprofit institution essentially educational or aesthetic in purpose with professional staff, which owns or utilizes tangible objects, cares for them, and exhibits them to the public on some regular schedule."

In addition to museums, organizations that serve museums, organizations that perform museum functions, state arts agencies and regional arts organizations are also eligible to apply to the Museum Program.

Applicant organizations must meet the "Legal Requirements" on page 36. Former grantees must also meet the "Reporting Requirements" on page 8. In general, organizations should be in operation two years prior to submitting an application.

Individuals

Only currently employed full-time museum professionals may apply for fellowships. Applicants must be United States citizens or permanent residents of the U.S. Former grantees must also meet the "Reporting Requirements" on page 8.

Application Instructions

ORGANIZATIONS applying for support should consult the "Instructions for Completing Organization Grant Application Form" on pages 42-44 and the "Special Application Requirements" that appear in each category. These requirements describe the materials you will need to include in your application package.

INDIVIDUALS applying for support should refer to "Fellowships for Museum Professionals" on pages 13-14 for instructions on how to apply.

Application Instructions,
continued

The application forms and the supplementary information sheets at the back of this booklet are the primary materials that advisory panelists use in evaluating applications. In most categories, required visual materials are also essential. It is important that all items on the required forms are completed clearly and concisely. If you plan to submit more than one application, please submit each application under separate cover.

If you have questions or need any help with your application, write or phone:

Access

Because the achievement of access for disabled people, as directed by Federal law, frequently requires long-range planning and budgeting, the Endowment encourages applicants to consider access issues in early planning stages of programs and services. Costs of program accommodations for people with various disabilities (e.g., audio descriptions, sign language interpreters, cassette recordings of printed materials, large print labeling) are generally eligible project costs. Copies of the Uniform Federal Accessibility Standards may be obtained from The Architectural and Transportation Barriers Compliance Board, a Federal agency in Washington, DC, that serves as a resource for access solutions, materials, and information. To order copies of the Standards or obtain other assistance, call 1-800-USA-ABLE (Voice/TDD).

For more information, see "Other Programs of Interest/Office for Special Constituencies" on page 35.

Deadline Dates

Application packages, including all required supplementary materials, must be postmarked no later than the deadline date for your category. See the Application Calendar inside the front cover of these guidelines.

Late applications will be rejected. Incomplete applications are unlikely to be funded.

The Endowment will not accept any application materials by electronic transmission (e.g., FAX).

What Happens to
Your Application

After applications are received and processed by the Museum Program staff, they are reviewed by the appropriate Museum Advisory Panel. This panel is a continually rotating committee of experts from all aspects of the museum field and a layperson. The panel discusses applications and supporting materials (as appropriate), and makes recommendations for funding in closed session. These recommendations are then forwarded to the National Council on the Arts, a presidentially appointed body, for its review in open meeting, and then to the Chairman of the Arts Endowment for final decision on grants. In addition to making funding recommendations, Museum Advisory Panels also review general policy and procedures during open sessions, and suggest modifications and improvements to Endowment guidelines based on their review.

(Continued on next page)

What Happens to
Your Application,
continued

Only after this entire process is complete are applicants notified in writing of funding decisions. The notification dates are listed inside the front cover of this guideline booklet. Please do not seek information on the status of your application prior to this date.

Applicants are encouraged, however, to contact the Museum Program staff for information concerning the review of their application after official notification has been received. Applicants are also invited to attend meetings of the National Council on the Arts as well as the open sessions of Advisory Panel meetings.

Grant Awards

Scope of Projects

The Endowment welcomes the vitality of new projects and activities. Grants are awarded for specific projects, not for general operating support. Do not plan new programs that are beyond your means or that can be sustained only with continued Endowment funding.

Grant Amounts

Applicants notified that a grant has been recommended at less than the amount requested may be asked to revise the project budget. The revision may involve a reduction in the scope of activities and/or an adjustment of the budget to include increased funds from non-Endowment sources.

Period of Support

The period of support should span the full amount of time necessary to plan, execute, and close out the project. Please allow sufficient time in order to avoid requests for extensions. If requests for extensions of the grant period are necessary, they should be in the form of a letter addressed to the Museum Program, and should include the grant number, new end date, and a clear reason for the requested extension. Requests will be considered on a case-by-case basis. Approval is not guaranteed.

Matching Funds

A grant may be used to pay no more than half the cost of any project. Each grantee must match the funds on at least a dollar-for-dollar basis. Please refer to each category for special matching requirements. The required matching funds should come from cash contributions, earned income, or other grants. Applicants are urged to seek support from private sources as well as from their state and local governments. In-kind contributions (such as donated space, supplies, and services) may also be used as part of the match.

Funds from the National Endowment for the Humanities and the Institute of Museum Services may not be used to match Arts Endowment Museum Program grants. Other Federal funds may not be used to match Arts Endowment Museum Program grants, unless the statutory authority for such funds specifically allows them to be used as match for Federal grants.

Fellowships to individuals are made on a non-matching basis.

Continuing Support

Panelists annually review all applications on their merit, and in competition with other applications in the same category. An award granted one year does not imply Endowment support in subsequent years.

Special Note

If you are recommended for a grant of more than \$100,000, Section 319 of Public Law 101-121 regarding restrictions on lobbying applies. This law establishes restrictions beyond those already in effect. Before such an award, or any amendment thereto, can be made, you must provide the Endowment with certain materials. The Endowment's Grants Office will contact you with further information as necessary.

(Continued on next page)

Reporting Requirements

Progress Reports: As a result of changes to the Endowment's enabling legislation, a Progress Report may be required from Endowment grant recipients. Grant award letters will clearly indicate if a grantee is required to submit a Progress Report. Recipients of grant award letters that exclude this requirement should presume that they do not have to submit Progress Reports.

Final Reports: At the end of the grant period, the Endowment requires Final Report packages from grantees. If you receive a grant, complete instructions on final reporting will accompany the grant letter.

Former grantees who fail to submit required Final Reports for any grant(s) are ineligible to receive subsequent funding for five years following the Final Reports due date of the grant(s) unless the delinquent Final Report packages are submitted earlier. Acceptability of Final Reports may also affect eligibility. This policy begins with grants awarded in FY 1984 (i.e., any grant letters dated on or after October 1, 1983).

To maintain or reestablish eligibility, immediately mail any delinquent Final Reports to:

Grants Office/Final Reports Section, Room 204
 National Endowment for the Arts
 Nancy Hanks Center
 1100 Pennsylvania Avenue, N.W.
 Washington, DC 20506

Do not include Final Reports as part of your new application package.

Acknowledgment of Endowment Support

If you receive a grant, all published materials and announcements regarding the project should credit the Endowment. When funds are used to support a catalogue or exhibition, for instance, this should be acknowledged with the following statement in the catalogue and in all published materials and announcements of the exhibition: "This catalogue (exhibition) was supported in part by a grant from the National Endowment for the Arts, a Federal agency." If the Arts Endowment is listed as one of a number of donors, its placement in the list should have an appropriate relationship to other sources of support.

Note on Publications

The Museum Program requires the use of acid-free paper for hardcover publications and encourages its use for softbound publications. Any exceptions for hardcover publications must be justified in writing.

It is a requirement of any grant which supports the publication of a catalogue that one copy of that catalogue be sent to the United States Information Agency. Do not send the catalogue to the Endowment, but to the following address:

Program Officer
 Arts America Program
 United States Information Agency
 301 4th Street, S.W., Room 567
 Washington, DC 20547

The National Endowment for the Arts strongly encourages grantees who produce books or other publications for dissemination to take advantage of the free cataloguing service of the Cataloguing-in-Publication Division of the Library of Congress.

(Continued on next page)

Note on Publications,
continued

Cataloguing-in-Publication provides publishers with cataloguing data to be printed in the book. Having the data in the book speeds the library cataloguing process and gets the book into immediate circulation--to the benefit of author, publisher, and reader.

**Changes in the Fiscal Years
1993 and 1994 Guidelines**

Applicants should take special note of the major guideline changes outlined below. There are other changes as well, and applicants are urged to read these guidelines carefully.

Note: Museum Program guidelines are now published biennially. These 1993-94 two-year guidelines, therefore, cover both fiscal year 1993 and 1994.

Please note that slides are now required as a part of the application package in all categories except Museum Training, Fellowships for Museum Professionals, and Education. Specific instructions for submitting slides are contained in the Submission of Slides Supplementary Information Sheet on page 79.

It is no longer a requirement that 42 copies of all catalogues published with Arts Endowment support be sent to the United States Information Agency. Henceforth, the USIA will require one copy only.

Presentation of Collections

Eligibility for the Touring Initiative (pages 16-17) includes regional consortia of state arts agencies.

Conservation

Emergency preparedness (earthquake, flood, fire) has been added to the list of suggested topics for Seminars and Workshops under Conservation Training, page 24.

Special Exhibitions

The application deadline for Special Exhibitions has been moved up one week. (See Application Calendar on inside cover.) Also note - generally, 15 slides per application will be projected for the panel.

Categories of Funding

Professional Development

Museum Training

Grants in this category are awarded to support arts-related graduate-level training programs, internships, apprenticeships, and workshops and seminars. Priority will be given to programs that encourage culturally diverse participation and to efforts to improve staff in geographic areas where there is a demonstrated need to improve professionalism.

Graduate-Level Training: For programs in curatorial training, museum administration, or museum education, conducted jointly by museums and universities, in which art history courses form an integral part of the program.

Internships: Provided by a museum. Priority will be given to those at the graduate and post-graduate level.

Apprenticeships: Provided by a museum to prepare students or staff for positions such as installer, exhibitions preparator or designer, framer or packer.

Summer Internship Programs: Provided by a museum for college students who wish to explore a career in the museum field. These programs must clearly demonstrate that efforts have been made to recruit and provide opportunities for culturally diverse participants.

Workshops and Seminars: Programs directed to mid-career and professional training and development and/or which address topical issues in the field.

Eligibility

All grants go directly to institutions, not individuals. See "Eligibility Requirements/Organizations" page 5 and "Reporting Requirements" on page 8. Recipients of Endowment supported internships and apprenticeships must be United States citizens or permanent residents of the U.S.

Review Criteria

In reviewing applications, advisory panelists consider the completeness and clarity of the application package and:

- Number of students, quality and duration of training, and amount of stipend.
- Success of the program in placing graduates in the field or in enhancing the professional development of current museum staff.
- Degree to which the program is designed to be a meaningful training experience rather than a means of providing the institution with additional staff support.
- Extent of involvement of practicing museum professionals in the training.
- Efforts to encourage culturally diverse participation.
- Practical museum experience provided program participants.
- For university programs, extent of art historical training, degree of cooperation with museums, and achievements of recent graduates as museum professionals.
- For internships, the degree to which interns are supervised and evaluated.
- Appropriateness of proposed budget and amount requested.

Leaves of absence may range from one to 12 months. Fellowships are also available to support attendance at workshops and seminars that are arts-related and contribute significantly to the applicant's skills and experience.

This category is designed to encourage museums to develop and implement programs of regular leave for professional staff members.

Fellowships are not awarded to cover study or research directed toward a graduate degree. These fellowships are not intended to support research or development of projects eligible elsewhere in these guidelines, but rather to encourage independent work.

Eligibility

Only currently employed, full-time museum professionals who have served on a museum staff for at least one year may apply. Applicants must be United States citizens or permanent residents of the U.S. and must meet the "Reporting Requirements" on page 8. Organizations are not eligible in this category.

Grant Amounts and Matching Requirements

Fellowships will not exceed \$25,000. Amounts will be based on travel requirements, salary support, and need for materials. Although the fellowships may extend for up to a full year, salary support may be included for only a period of up to three months. Fellowships need not be matched. The minimum grant will not be less than \$4,000.

Review Criteria

In reviewing applications, advisory panelists consider the completeness and clarity of the application package and:

- Merit of proposed project and its potential effect on the applicant's professional qualifications.
- Applicant's museum experience and qualifications.
- Letters of recommendation.
- Appropriateness of proposed budget and amount requested.

Deadline Dates and Period of Support

See the Application Calendar inside the front cover of these guidelines. A fellowship period of one to 12 months is allowed. The period of support should span the amount of time necessary to plan, execute, and close out the project.

Visual Arts

The Visual Arts Program offers fellowships to professional artists working in a wide range of media. Support is also available for visual artists organizations--originated by or for artists or to further their interests--and for forums, including short-term residencies, seminars, workshops, and publications. The Visual Arts Program's Art in Public Places category also offers grants to governmental and private nonprofit organizations to plan, commission, and install contemporary art in public places. (202/682-5448)

Arts in Education

The Arts in Education Program provides grants to state arts agencies to make the arts a basic part of education in pre K-12 schools and to provide substantial arts education experiences for pre K-12 students.

In addition, the Program develops and supports a variety of leadership initiatives; these may cover areas such as arts education research, dissemination, or model project development. Solicitation of proposals for specific initiatives is dependent on Program priorities and available funds. For information on these grants, please contact the Endowment's Arts in Education Program. (202/682-5426)

Locals

The Locals Program seeks to enhance the quality and availability of the arts by fostering expansion of public support for the arts at the local level and by improving the process for allocation of local arts resources through support of local arts agencies. (202/682-5431)

State and Regional

The State and Regional Program provides support to state arts agencies, regional groups of state arts agencies, and organizations providing services at a national level to state and regional arts agencies. (202/682-5429)

Challenge Grants

Challenge Grants are designed to strengthen institutional stability and to assist projects involving new concepts, fundamental change, or substantial departure from what was previously possible. Challenge grantees must match every Federal dollar with at least three dollars from other sources. Grants are available to institutions (including arts institutions, state and local arts agencies, regional arts organizations, consortia, and other organizations). (202/682-5436)

Advancement

The Advancement Program (202/682-5436) is designed to help organizations of artistic excellence develop specific strategies to eliminate deficiencies in organizational management practice, and to take carefully planned steps toward the achievement of long-range goals. The Program consists of two phases--Phase One: Planning/Technical Assistance and Phase Two: Advancement Grants (generally ranging from \$25,000 to \$75,000) which must be matched at least three to one. Current plans call for eligibility according to the following timetable:

Fiscal Year 1993: Arts in Education, Design Arts, Inter-Arts, **Museum**, Music, and Theater;

Fiscal Year 1994: Dance, Expansion Arts, Folk Arts, Literature, Media Arts, Opera-Musical Theater, and Visual Arts.

The Endowment is interested in establishing pilot international exchange projects that:

- assure that the excellence, diversity, and vitality of the arts in the U.S. are represented in appropriate venues around the world;
- help a wide range of American artists and arts institutions maintain access to important international cultural activities;
- expose greater numbers of Americans to the international influences within American culture; and
- promote the formation of partnerships between diverse American and foreign arts institutions.

For more information on international initiatives, please contact the Museum Program.

U.S. Information Agency Arts America Program

Under a Memorandum of Understanding signed in 1978, the discipline panels of the Arts Endowment serve as artistic advisors to the United States Information Agency Arts America Program. In response to requests from U.S. embassies overseas, Arts America develops touring programs which involve a limited number of highly recommended U.S. performing artists. In addition, the USIA may be able to provide some facilitative assistance for companies and individuals who have arranged tours abroad. Send your confirmed overseas touring schedules directly to:

Fund for U.S. Artists at International Festivals and Exhibitions

The United States Information Agency and the National Endowment for the Arts together with The Rockefeller Foundation and The Pew Charitable Trusts sponsor this Fund to provide assistance to performing artists invited to international festivals abroad and to support United States representation at major international exhibitions of visual art. Periodically, the Fund solicits ideas for the presentation of visual arts at international exhibitions from a wide range of curators, both independent and those affiliated with museums.

International Exchange Fellowship

Five fellowships for work and study in Japan are awarded each year to American artists in various disciplines. Outstanding practicing artists for whom the opportunity to live and work in Japan for six months would be beneficial must apply through the appropriate discipline program.

The Endowment is also exploring other international opportunities for outstanding practicing artists.

Please contact the International Office for further information. (202/682-5422)

Set-Aside Funds

As part of a set-aside of funds instituted by the Endowment's authorizing legislation, grants are available to state arts agencies and consortia of state arts agencies for projects that raise the artistic capabilities of developing arts organizations or stimulate artistic activity and awareness and broaden public access to the arts in rural and inner city areas and other areas that are underserved artistically. New grant categories that address these objectives have been established in the State and Regional Program (Arts Projects in Underserved Communities) and the Locals Program (Assistance to Developing Local Arts Agencies in Rural, Inner City, and Other Underserved Areas). Additionally, the Rural Arts Initiative (administered by the Expansion Arts Program) and grants for projects in the folk arts, state folk arts coordinators, and state apprenticeship programs (administered by the Folk Arts Program) have been included in the set-aside funds. For additional information, please contact the appropriate Arts Endowment Program or your state arts agency.

Office for Special Constituencies

The Office for Special Constituencies assists individuals and organizations in making arts activities accessible to older adults, disabled people, and those in institutions. You may contact the Office (202/682-5532 or 202/682-5496 Voice/Telecommunication Device for Deaf People) for assistance and materials, including model project guidelines and examples of how arts groups make their programs available to special constituencies. Copies of The Arts and 504 (a how-to handbook for making the arts accessible to disabled people) may be obtained from the Government Printing Office, Superintendent of Documents, Washington, DC 20402, for \$5.00 each (specify stock number 036-000-00047-3).

National Endowment Arts Administration Fellows

Individuals with administrative experience in arts organizations (such as literary, visual, media, design, and performing arts groups, museums, foundations, and public arts agencies) may be eligible for 11-week Fellowships at the Endowment's offices in Washington, DC. Participants work as members of the Endowment's staff and attend seminars and meetings with arts leaders. They may be assigned special projects or assist in the daily activities of an Endowment program or division. Fellows become acquainted with the Endowment's policies and operations and gain a national overview of arts activities around the country. (202/682-5786)

Application Information

Legal Requirements

By law, the National Endowment for the Arts may support only those organizations that:

- Are tax-exempt.¹ Organizations qualifying for this status must meet the following criteria:
 - (1) No part of net earnings may benefit a private stockholder or individual.
 - (2) Donations to the organization must be allowable as a charitable contribution under Section 170(c) of the Internal Revenue Code of 1954, as amended. A copy of the IRS determination letter for tax-exempt status or of the official document identifying the Applicant organization as a unit of either state or local government must be submitted with each application.
- Compensate professional personnel, laborers, and mechanics on Arts Endowment-supported projects at no less than prevailing minimum compensation as defined by the Secretary of Labor in parts 3, 5, and 505 of Title 29 of the Code of Federal Regulations. A copy of part 505 is available from the Endowment's Grants Office upon request.
- Comply with the Federal requirements specified in "Assurance of Compliance" below.

¹ Generally speaking, in American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands, U.S. tax laws have an application similar to that in the United States. However, in the Commonwealth of Puerto Rico, owing to special income exemptions, the application differs. Nevertheless, in all these areas arts organizations should be aware of their need to obtain tax-exempt status in order to qualify for Endowment support. Applications and inquiries concerning this matter may be made to the Internal Revenue Service's Exempt Organizations Office, 31 Hopkins Plaza, Baltimore, Maryland 21201 (301/962-2590).

Assurance of Compliance

By signing the application, the Applicant hereby assures and certifies that it will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), and, where applicable, Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.) as well as all regulations of the National Endowment for the Arts issued pursuant to these statutes and that it immediately will take any measures necessary to comply.

- 1) Title VI of the Civil Rights Act, as amended, provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.
- 2) Section 504 of the Rehabilitation Act of 1973 provides that no otherwise qualified handicapped individual in the United States, as defined in Section 7(6), shall, solely by reason of his handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal assistance.

Assurance of Compliance,
continued

- 3) Age Discrimination Act of 1975 provides that no person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal assistance.
- 4) Title IX of the Education Amendments of 1972 provides that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

The assurance with regard to the above laws and regulations shall obligate the Applicant for the period during which the Federal financial assistance is extended. There are two exceptions. If any personal property is acquired with Endowment assistance, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of that property. If any real property or structure was furnished by Endowment funds or whose cost (such as renovation cost) was charged to a project supported by the Endowment, the grant recipient must obtain approval from the Endowment to use the real property in other projects when the grant recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects shall be limited to those under other federally sponsored projects or other programs that have purposes consistent with those authorized for support by the agency. If these conditions are not met, the Endowment must require compensation for its earlier support. In such cases, the grant recipient shall be directed to pay the Federal government an amount computed by applying the Federal percentage or participation in the cost of the original project to the proceeds from the sale.

In addition, as required by regulations implementing Executive Order 12549, "Debarment and Suspension," the Applicant certifies, by submission of this application, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. It further agrees by submitting this proposal that it will include this clause without modification in all lower tier covered transactions (excluding contracts under \$25,000), solicitations, proposals, contracts, and subcontracts. Where the Applicant or any lower tier participant is unable to certify to this statement, it shall include an explanation as part of the application package.

Further, as required by the Drug-Free Workplace Act of 1988 (41 U.S.C. 701 et seq.; also implemented through the Debarment and Suspension regulations), the Applicant also certifies that it will provide a drug-free workplace by:

- (a) publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) establishing an ongoing drug-free awareness program to inform employees about-
 - (1) the dangers of drug abuse in the workplace;
 - (2) the grantee's policy of maintaining a drug-free workplace;
 - (3) any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- (c) making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will-
 - (1) abide by the terms of the statement; and

(Continued on next page)

Assurance of Compliance, continued

- (2) notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to the grants officer as well as the grant number(s) of each affected grant;
- (f) taking one of the following actions within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted--
 - (1) taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

The grantee should maintain on file the site(s) for the performance of work done in connection with the specific grant listing street address, city, county, state and zip code. If this information is being submitted as part of your routine application materials, then disregard.

An individual Applicant certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant.

If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to the grants officer or other designee, and shall include the grant number(s) of each affected grant.

Explanation and Definitions

1. The time frame of when you are required to have a drug-free workplace program in place varies depending on the length of the grant project, as follows: (1) for a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed; (2) for a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award; (3) where extraordinary circumstances warrant for a specific grant, the grants officer may determine a different date on which the policy statement and program shall be in place.
2. "Employee" means the employee of a grantee directly engaged in the performance of work under the grant, including: (1) all "direct charge" employees; (2) all "indirect charge" employees, unless their impact or involvement is insignificant to the performance of the grant; and (3) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces).
3. For purposes of the Drug-Free Workplace Act of 1988, alcohol is not considered a controlled substance.

Assurance of Compliance,
continued

Note that Section 5301 of the Anti-Drug Abuse Act of 1988 (P.L. 100-690) provides for the denial of prospective Federal benefits, such as Arts Endowment grants, to individuals convicted of drug trafficking or possession, at the discretion of Federal and State sentencing courts. If you have any questions about this matter, please contact the Endowment's Office of General Counsel at 202/682-5418.

This assurance is given in connection with any and all financial assistance from the Endowment after the date this application is signed. This includes payments after such date for financial assistance approved before such date. The Applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in this assurance, and the United States shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the Applicant, its successors, transferees, and assignees, and on the authorized official whose signature appears on the application.

Methods of Funding for Organizations

Two types of grant funds are available to organizations applying under these guidelines: Program Funds and Treasury Funds. They are both explained below.

Program Funds

Program Fund grants to organizations usually must be matched at least 1 to 1 by non-Federal funds. (Please refer to each category for special matching requirements.) Applicants must show (in Section XI of the Organization Grant Application Form) that at least half the cost of the project will be met by the applicant. Anticipated sources of matching funds must be identified. Budgeted funds, as well as newly raised funds, generally may be used to match the Endowment grant.

Treasury Funds

Treasury Fund grants, designed to help applicants increase or sustain non-Federal contributions, generally must be matched with at least three non-Federal dollars for each Federal dollar. They are not available for projects or in amounts different from those specified in the regular guidelines.

Organizations applying for a Treasury Fund grant should so indicate in Section VIII of the Organization Grant Application Form. The process of applying for and receiving Treasury Fund grants is similar to that for Program Fund grants. The amount requested from the Endowment, however, may not exceed 25% of the total project budget. The release of Federal funds is contingent upon the following: an applicant's securing and documenting for the Endowment, pledges and/or private donations at least equal to the amount of the Federal funds; and the approval by the Endowment of this documentation. This is referred to as the first match. The remaining minimum project cost (at least double the Federal monies) must be met with additional matching funds secured by the grantee organization.

For example:

Endowment grant	\$20,000
First match by applicant	\$20,000
Additional matching by applicant	\$40,000
Minimum project cost	\$80,000

Organizations interested in applying for a Treasury Fund grant are urged to contact the Program before applying.

Reporting Burden

Public reporting burden for this collection of information is estimated to average 20 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Program Coordination Office, Room 628, National Endowment for the Arts, Nancy Hanks Center, 1100 Pennsylvania Avenue, N.W., Washington, DC 20506; and to the Office of Management and Budget, Paperwork Reduction Project (3135-0053), Washington, DC 20503.

Submitting Your Application

The application form and the supplementary information sheet(s) are the primary materials that advisory panelists use in evaluating an application. (In most categories, required visual materials are also essential.) Please complete all items on the required forms clearly and concisely, using the space allotted on the forms. Begin the project description with a summary sentence describing the project and the intended use of funds. Be sure to state who will be in charge of the project. More in-depth descriptive information and resumes may also be included as part of your overall application package; these additional items will be used as backup material only. Please provide answers and summarize resumes in the space provided, as instructed. Use standard size type on all your application materials. Do not use photoreduction. When submitting more than one application, submit each application under separate cover.

Organizations must send the following materials, as well as those listed in "Special Application Requirements" for their category, in one package to:

Information Management Division/MM, 8th floor
 National Endowment for the Arts
 Nancy Hanks Center
 1100 Pennsylvania Avenue, N.W.
 Washington, DC 20506

1. **Three copies** of the completed Organization Grant Application Form NEA-3 (Rev.), with original signatures on all three copies. Two copies of the application should be photocopied on single-sided sheets. Note that this booklet contains one Organization Grant Application Form NEA-3 (Rev.). If you plan to apply in more than one category and/or in consecutive years, please make photocopies of the blank Organization Grant Application Form and applicable Supplementary Information Sheets.
2. **One copy** of the Internal Revenue Service determination letter for tax-exempt status or of the official document identifying the applicant as a unit of state or local government.
3. One of the self-addressed Application Acknowledgment Cards on the back cover of these guidelines. Since there are only three cards and you may submit multiple applications, the Museum Program will complete for you and return to you any additional Application Acknowledgment Cards needed.

Generally, only the Grant Application Form and the appropriate Supplementary Information Sheet must be submitted in triplicate. If you are including other materials, submit only one copy.

Materials submitted to the Endowment generally will not be returned to the applicant. If you are submitting materials which are expensive or difficult to replace, please contact the Museum Program before applying.

Individuals should refer to "Fellowships for Museum Professionals" on pages 13-14 for instructions on how to apply.

Application packages, including all required supplementary materials, must be postmarked no later than the deadline date for your category. See the Application Calendar inside the front cover of these guidelines. Late applications will be rejected. Incomplete applications are unlikely to be funded. The Endowment will not accept any application materials by electronic transmission (e.g., FAX).

(Continued on next page)

**Instructions for Completing
Organization Grant Application
Form NEA-3 (Rev.), continued**

If the application is for a Treasury Fund grant, the amount shown here should not be more than 25% of the Total Project Costs. Treasury Fund applicants should read carefully the information on page 40.

This total amount requested from the Endowment should, when added to the total cited in Section XI ("Total Contributions, Grants, and Revenues"), equal the total cost of the project.

IX. Organization total fiscal activity.

A. Expenses should include Arts Endowment projects funded and anticipated.

B. Contributions, grants, and revenues should include Arts Endowment grants received and anticipated.

Units of larger organizations, such as university museums, should show the fiscal activity of the unit only and not that of the parent organization.

X. Budget breakdown of summary of estimated costs.

A. Direct costs are those which can be specifically identified with the project.

1. **Salaries and wages** must be estimated at rates no less than the prevailing minimum compensation as set out in the Code of Federal Regulations. See page 36. Fringe benefits may be included here only if not included as direct costs.
2. **Supplies and materials** include consumable supplies, raw materials for the fabrication of project items, and items costing less than \$5,000 per unit or with an estimated useful life of one year or less.
3. **Travel** must be estimated according to the applicant's established travel practice, providing that the travel cost is reasonable and all travelers use transportation costing no more than air coach accommodations. Foreign travel, if any is intended, must be specified in this section.
4. **Permanent equipment** includes purchased equipment costing \$5,000 or more per unit with an estimated useful life of more than one year. Written justification should include a brief description of the items, and technical specifications where relevant.
5. **Other** includes consultant and artist fees, honoraria, contractual services, rental of space or equipment, postage, photocopying, telephone, and transportation of items other than personnel. With consultant and artist fees, honoraria, or contracts for personal or professional services, please specify number of persons and applicable fee, rate, or amount of each. For films, catalogues, and other major expenses, provide a breakdown of costs. Do not include entertainment, fines and penalties, bad debt costs, contingencies, or costs incurred before the beginning of the official grant period.

**Instruction for Completing
Organization Grant Application
Form NEA-3 (Rev.), continued**

B. Indirect costs are those costs incurred for common or joint objectives and not readily assignable to specific activities. They may be computed by the application of an indirect costs rate established as a result of negotiation with the National Endowment for the Arts Office of Inspector General, Room 207, Nancy Hanks Center, 1100 Pennsylvania Avenue, N.W., Washington, DC 20506, or another Federal agency. A copy of the agreement must accompany the application.

XI. Contributions, grants, and revenues. The Arts Endowment generally requires each applicant to obtain at least half the total cost of each project from non-Federal sources. Specify all sources of matching funds and indicate whether funds are anticipated or received. Funds from other Federal agencies that also fund museums may not be used to match Arts Endowment Museum Program grants.

A. Contributions:

1. **Cash donations** (e.g., operating budget, memberships, contributions, etc.) anticipated for the project, and
2. **In-kind contributions** at the fair-market value of essential items that are wholly or partially consumed on the project. In-kind contributions must also be reflected in the total project cost.

B. Grants include all or a pro rata share of anticipated grants either wholly or partially restricted for use on this project. (Do not include the grant requested by this application or any other Arts Endowment grant, whether anticipated or received.) A grant is generally characterized by written authority to spend up to a specified amount for a specific purpose.

C. Revenues include all other earned funds, regardless of source, expected to be used on this project.

XII. Application to Other Federal Funding Sources. Indicate any Federal sources to which you have applied or intend to apply for support of the project or program outlined in your application. Funds from other Federal agencies that also fund museums may not be used to match Arts Endowment Museum Program grants.

XIII. Final Reports on all completed grants from any Arts Endowment Program since (and including) Fiscal Year 1984 must be submitted to maintain eligibility. Do not include with your application package (see page 8).

XIV. Delinquent Debt. Applicant certifies that it is not delinquent on any Federal debt or, if it is, provides explanatory information. Examples of relevant debt include delinquent taxes, audit disallowances*, benefit overpayments.

*Recipients of a "Notice of Grants Cost Disallowance" letter who have not repaid the disallowed amount or who have not resolved the disallowance are considered to be delinquent.

XV. Certification must bear an original signature on all copies by an official of the applicant organization with legal authority to obligate the organization (Authorizing Official). See also "Assurance of Compliance" on pages 36-39.
